MASTER THESIS

Heavy work, strictly framed

▪ Characteristics

- To be done preferably within your specialization, and to consider as a valuable work
- Scientific approach, with sound academic references
- With a real managerial issue

▪ Progression

- Follow **strictly** every mandatory milestone imposed by your MSc supervisor
- Follow your supervisor instructions
- ... and get ready for graduation!

Elegible theme :

- **PGE: any topic**
- **MSc: in your field**

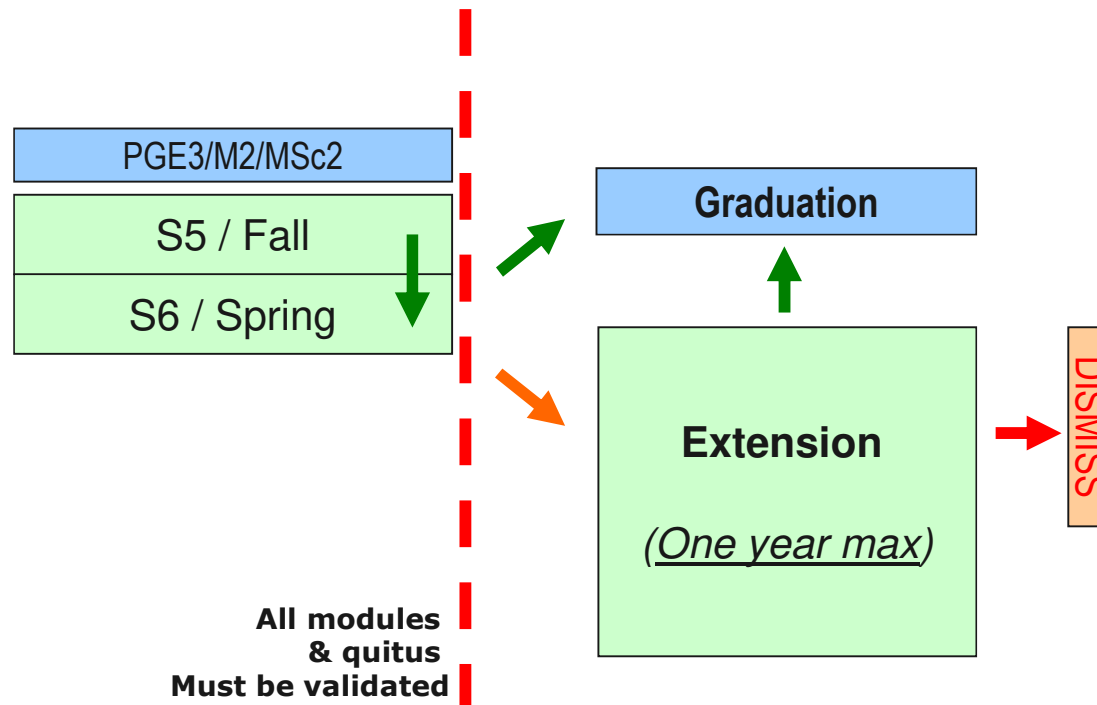

MASTER THESIS

How to graduate in July

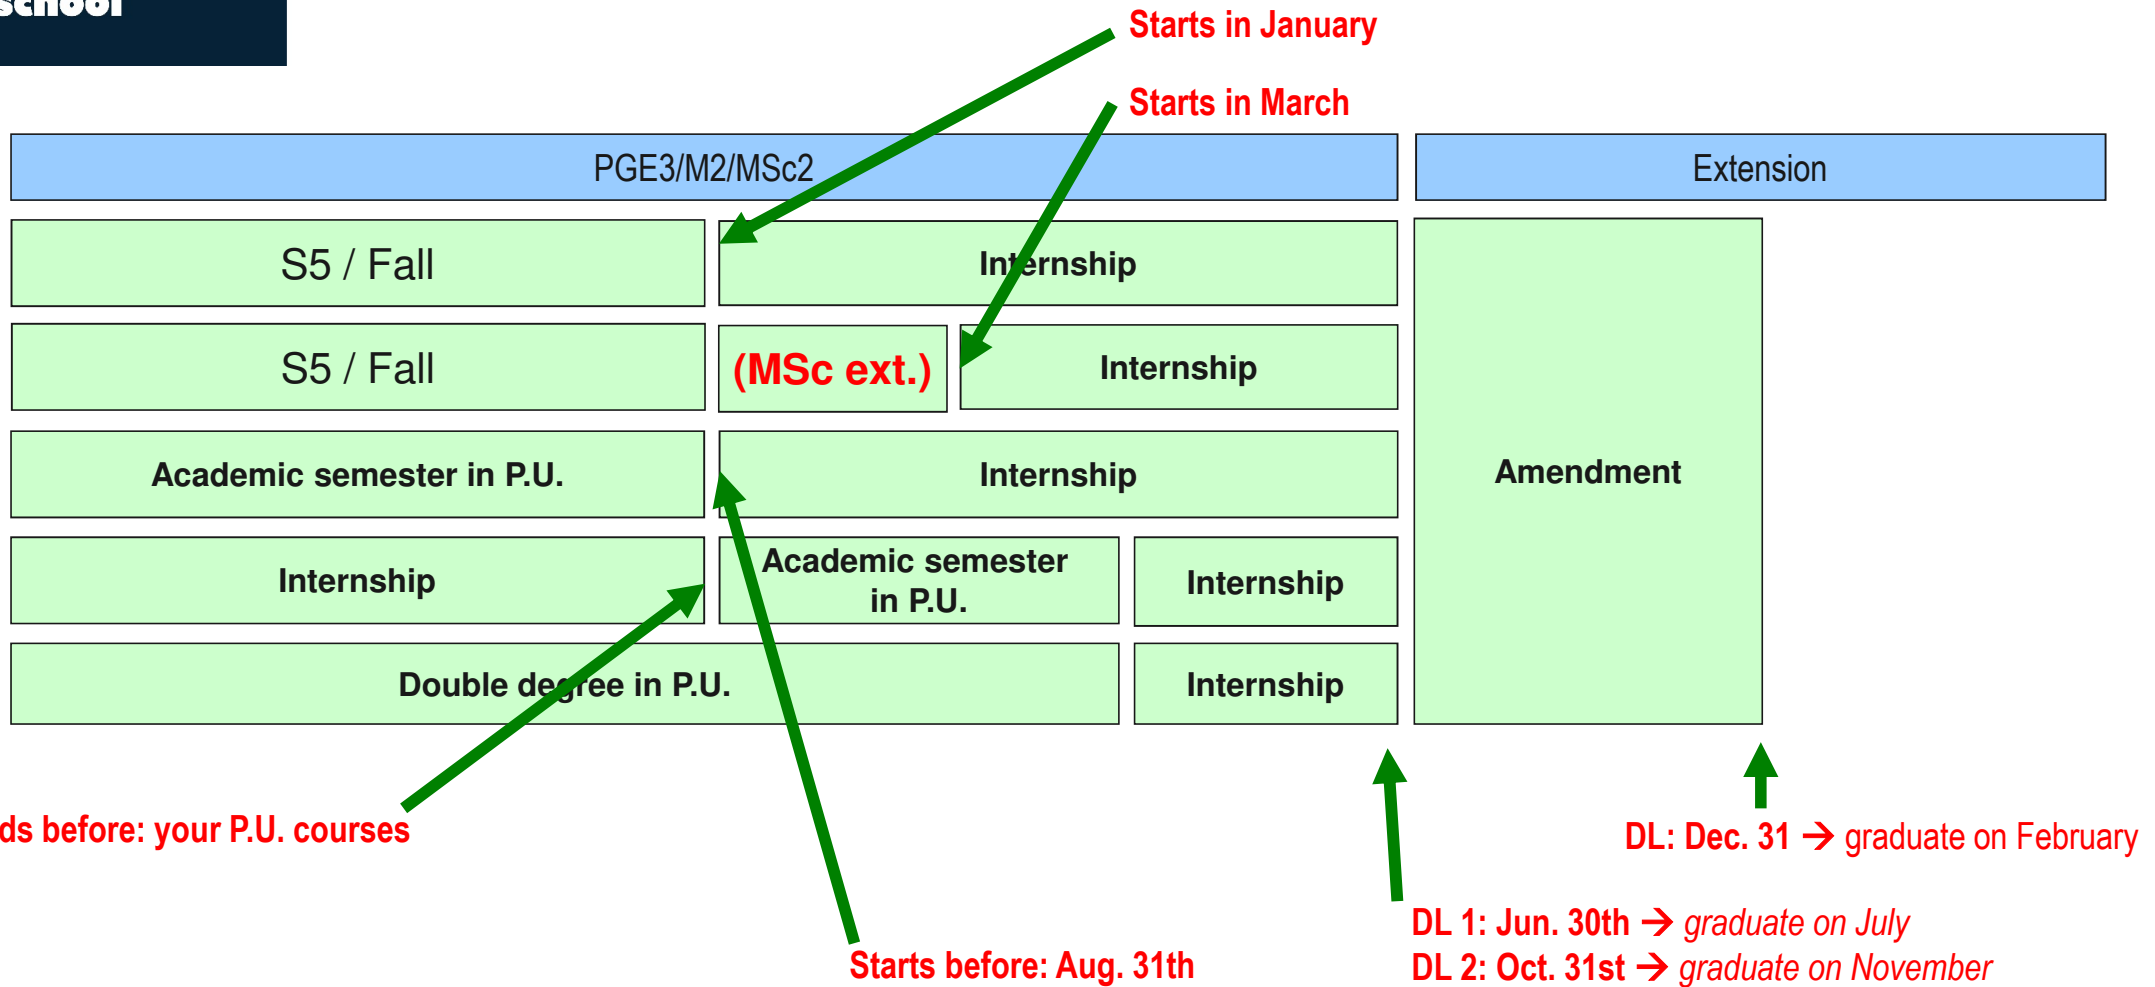

- **Work is sequenced throughout four deliverables**
 - You must manage your time with great care
 - Do your best to deliver, on time, your best possible deliverables.
 - Target the 1st session of graduation (July): ***it's possible*** (80% success)
- **Do not count on 2nd session as an alternative**
 - No handout of deliverables will lead you to failure
 - It is not possible to realize a master thesis in a few weeks
 - Do not expect assistance from your supervisor during the summer break
 - In case of 2nd session failure: retake.
